### **ELECTIVE SINGLE EMBRYO TRANSFER**

Cheshire Womens Heath encourages all the couples to have a Single Blastocyst Transfer as per the UK's Human Fertilisation Embryology Authority (HFEA) National recommendation. In the case of failed treatment (NO LIVE BIRTH), the fee for the first FET cycle following failed treatment will be reduced to a total fee of £1,500 to encourage couples to adhere to the policy.

Please discuss with your Clinician.

**\*Please note that all treatment package prices include the price of UK monitoring during treatment. The prices do NOT include the cost of medication, storage of embryos/sperm unless otherwise indicated\***
